

# TECH HELP FOR ME

Made Possible by  
Maine's Digital Opportunity Fund

## Need the Internet? Locate Help Near You.

Tech Help for ME connects you to free local support for getting online, no matter what's standing in your way.

Visit a free website, [techhelpforme.org](https://techhelpforme.org), that helps people in Maine access the internet. Tech Help for ME makes it easy to find nearby Wi-Fi locations, video call rooms and public computer access. It also helps people locate help for low-cost devices and one-on-one tech support. The website is designed for use by people who speak many different languages, have disabilities, or aren't sure where to turn for internet access.

Go to [techhelpforme.org](https://techhelpforme.org) on your phone, tablet or computer — no app needed, no cost.

Helps you get online

No app required

Provides local resources

Mobile friendly

Free to use

Supports multiple languages

Offered by the Maine Connectivity Authority, Tech Help for ME uses images and key-word translation for many languages. It's designed to be easy for everyone to use.
